OVERVIEW

Ravian Maritime Pvt. Ltd. (RML) established in 1992, proudly leads the industry, excelling as an FCL and LCL Consolidator, NVOCC Representative, International Freight Forwarder and comprehensive logistics services provider, with its operational base strategically located in Pakistan.

As the industry has evolved and grown significantly over time, RML has proactively aimed towards revitalizing the inter-organizational structure and formulated a new strategy that enhanced our shipping business, further enabling us to maintain a competitive edge. In the year 2000, we made a strategic decision to evolve into a fully-fledged shipping agency under the same management, thereby upgrading our shipping license to meet the evolving demands of the industry.

VISION AND OUTLOOK

At RML our vision is to revolutionize the global supply chain with innovative, customer-centric solutions that enhance efficiency and sustainability. We are dedicated to reshaping maritime logistics by setting new industry standards in reliability and transparency.

Through cutting-edge technology and data-driven insights, we aim to optimize the entire process. Our commitment extends to building enduring client relationships rooted in trust and mutual success.

FREIGHT FORWARDING

RML specializes in offering a comprehensive suite of logistics services, including both air and ocean freight. This dual expertise allows us to provide you with versatile options that best suit your unique shipping needs.

We take pride in being the bridge that connects your products to markets around the world, all while offering you a tailored, cost-effective, and efficient shipping solution.

With RML as your dedicated shipping partner, sit back and focus on what you do best while we take care of your logistical needs with precision and utmost care.

AGENCY REPRESENTATION

RML proudly serves as a reliable ally to our principals. We understand that effective agency representation demands not only reliability but also a keen awareness of the evolving marketing dynamics within the shipping sector.

Our formidable fleet is well-equipped with robust dry boxes, special equipment and ISO tanks, to address a broad spectrum of cargo requirements.

DRY BOXES AND SPECIAL EQUIPMENT

Our extensive array of dry boxes ensures the secure and weatherproof transportation of general cargo, providing protection against external elements throughout transit.

We excel in the handling of special equipment, which plays a vital role in facilitating Pakistan's exports. These specialized units allow us to accommodate oversized cargo, contributing to the diverse range of shipping requirements we can meet.

Our experienced team, well-versed in Pakistan's export logistics, ensures the proper loading, unloading, securing, and transport of these unique shipments, offering our clients confidence in our capabilities as we seamlessly integrate special equipment into our export services, contributing to the success of Pakistan's international trade.

ISO TANKS

Pakistan has established itself as a prominent participant in the worldwide trade of ethanol exports and food supplies. The meticulous management of these commodities is integral to our achievements.

Within RML, we have honed our expertise in providing ISO Tank services, focusing on both dangerous and non-dangerous products, while maintaining an unwavering commitment to precision and reliability.

Our ISO tanks are meticulously cleaned and maintained in accordance with ISO standards to ensure the purity and integrity of the cargo they carry. Rigorous cleaning, inspections, and certification by qualified inspectors are standard procedures in our commitment to quality and safety.

BULK/BREAK BULK

With 30 years of experience in transporting oversized and heavy shipments and an unparalleled global network, RML possesses the capacity to transport your unique cargo to any corner of the world. Our international team of special cargo experts possesses profound knowledge and a comprehensive understanding of the associated challenges, dedicated to assisting you at every stage of the process.

Our expertise extends to handling project cargo, whether your endeavor involves constructing manufacturing plants, mining operations, or community development. RML is your dedicated ally in achieving success. With a track record of tackling intricate logistical challenges, we possess the experience and capabilities necessary to meet your project's unique demands.

DOOR TO DOOR

RML's exceptional network positions us to execute pick-up and delivery services from even the most remote and challenging locations across the globe.

Our extensive logistics expertise extends beyond borders, enabling us to collect cargo from any location in Pakistan, ensuring prompt and secure transportation to your chosen port. Once your cargo reaches the port, our versatile transport solutions ensure a smooth journey to your desired destination, be it within Pakistan or globally.

We take pride in our role as a pivotal connector of Central Asian countries through the utilization of TIR Carnets. Our commitment to facilitating seamless cross-border trade has allowed us to establish a robust network that spans the Central Asian region.

CONSOLIDATION

We specialize in providing comprehensive consolidation services, catering to a global clientele. Our extensive experience and adaptability enable us to offer top-notch consolidation services to our valued clients, encompassing both import and export operations.

Our commitment to excellence extends across every facet of the consolidation process, including customer services, port operations, and sales. With a global reach and a proven track record, we are dedicated to optimizing your logistics, ensuring cost-effective and efficient transportation solutions for your cargo needs. Trust us to be your consolidation partner, streamlining your supply chain and facilitating your international trade.

WAREHOUSING

At Ravian Maritime (Pvt) Ltd, our diverse portfolio encompasses both bonded and non-bonded warehouses strategically located in close proximity to ports, ensuring seamless cargo transfer to vessels. We take great pride in offering a comprehensive array of services, including international consolidation, effectively serving multi-country operations.

Whether you require consolidation services for your local or global supply chain, our warehouses are well-equipped to efficiently manage and streamline your goods, delivering smooth and cost-effective shipping solutions. Our unwavering commitment to excellence ensures we provide you with dependable warehousing options that significantly contribute to your business's success and enhance supply chain optimization.
